

Nikita Poses New Threat

In Move to Oust Western Power From West Berlin

MOSCOW (AP)—Nikita Khrushchev has hurled a new threat to sign a separate peace treaty with the East German Communist regime in a move to end Western occupation of West Berlin.

The Soviet premier says the Big Three powers' position in West Berlin is "especially vulnerable."

Late Bulletins

WASHINGTON (AP)—The Senate Finance Committee today unanimously approved Douglas Dillon to be secretary of the Treasury, and Gov. Abraham A. Ribicoff of Connecticut to be Department of Health, Education and Welfare secretary.

WASHINGTON (AP)—A crowd which overflowed the hearing room heard Adlai E. Stevenson promise today to work with President-elect John F. Kennedy to help lead the world away "from the risk of senseless war."

OTIS AIR FORCE BASE, Mass. (AP)—A board of inquiry convened behind closed doors today, seeking to find out why a radar tower off the New Jersey coast was smashed into the sea Sunday—taking the lives of 28 men who were to have been rescued within hours.

NEW YORK (AP)—President-elect John F. Kennedy took a major step today to improve relations between Latin America and the United States through use of Puerto Rico as a goodwill clearing house.

Skindivers Swim Into Texas Tower

NEW YORK (AP)—Daredevil skindivers plunged deep into the murky North Atlantic Tuesday night to penetrate—for short distances—the sunken Texas Tower radar station.

They found much debris, but no sign of life.

Further exploration of the storm-wrecked tower was held up until "hard hat" deep sea divers could stand by at the openings to assist divers using self-contained breathing units.

The skindivers descended 160 feet to the stricken station, which is apparently resting on the ocean floor at a 45-degree angle.

The Navy Tuesday reluctantly abandoned all hope of finding any of the tower occupants alive. Dead or missing are the 14 Air Force men and 14 civilian workers who were aboard the station when it collapsed Sunday night under pounding seas and gale-force winds.

Rescuers had been spurred by mysterious tapping sounds from the tower, indicating survivors might be trapped in watertight compartments.

"It is now a salvage operation," said Rear Adm. Allen M. Shinn, who directed the fruitless rescue attempt from aboard the aircraft carrier Wasp.

Reserves Her Seats For 1961 State Fair

Mrs. Letha E. Sybert of California, Mo., requests the first reserved seats for the 1961 Missouri State Fair.

Colie Ervin, Secretary of the State Fair, received her request for her favorite Grandstand seats in Box 21.

Mrs. Sybert requested box seats for both Sunday afternoons, which will have big car and stock car for entertainment, and Wednesday afternoon for the Grand Circuit Harness Races. One of the outstanding stake races of the country, the Hambletonian Preview, is raced on Wednesday afternoon.

Mrs. Sybert has been the first person for a number of years to request her Grandstand tickets.

Back to the Old Days

RATINGEN, Germany (AP)—A young man wearing a Nazi uniform, complete with helmet and swastika, burst into the guard room of the Royal Service Corps here Sunday night and shot a British soldier in the shoulder. The young man then fled but later gave himself up to German police.

TAPPING MAIN LINE—Employees of the Sedalia Water Department tap a six-inch main to hook up another six-inch line running into the Gordon Building on Ohio. The men made the tap Tuesday afternoon. Shown above are Elmer D. Bratton, Kenneth Opfer and Norman Lange. (Democrat-Capital photo)

Majority Re-elected

Local Banks Pick Officers for Year

Sedalia's three banks have named officers and directors for 1961 with the majority of past office holders being returned for another year.

H. R. Harris was re-elected president at Third National Bank at a meeting Jan. 10 when the bank renamed all 1960 officers. Other officers include: C. L. Hanley, senior vice-president; W. A. Stodgett, vice-president and cashier; H. W. Harris, vice-president; Lloyd H. Knox, vice-president; Mrs. B. M. Howell, assistant vice-president; R. E. Mather, F. J. Lewis and Ladye Deane Thompson, assistant cashiers. Directors: J. H. Bagby, A. L. Bohling, Dr. M. E. Gouge, C. L. Handley, H. R. Harris, H. W. Harris, E. W. Menefee and Henry C. Salveter.

Sedalia Bank and Trust returned J. J. McGrath to the bank's presidency Jan. 12. Other officers are: J. J. Kniest, vice-president; E. A. Strelow, cashier and secretary-treasurer; F. V. Mehl, comptroller; Juanita P. Hood, assistant cashier, secretary-treasurer and auditor; Dorothy M. Kell, assistant cashier and secretary-treasurer. Directors: T. W. Cloney II, D. S. Lamm, C. W. Mathieson, J. J. McGrath, E. W. Thompson, George H. Trader, B. C. Claycomb, J. J. Kniest and H. C. Feuers, recently deceased.

Union Savings Bank re-elected Herbert W. Mason president and chairman of the board of directors at the annual meeting of stockholders Jan. 9. Also named were: J. E. Uorlin, vice-president and cashier; Harold Skidmore, Mary Jane Wilson and Francis Moore, assistant cashiers. New bank officers include: John C. Findley, officer-in-charge of public relations; and James A. Harvey, farm representative. Directors: Herbert W. Mason, W. C. Cain, Frank W. Hayes, Thomas J. Ream, William F. Brown, J. E. Norlin and Robert B. Cain.

Deposits in Sedalia banks showed nearly a \$400,000 decrease during 1960 compared to 1959 deposits. Financial statements recently published in accordance with state banking laws revealed \$24,716,230.13 on deposit at the three local banks at the close of business Dec. 31.

Similar statements for 1959 showed a total of \$25,101,181.54 deposited during the year. Union Savings Bank registered over a \$330,000 increase in deposits, but decreases at Sedalia Bank and Trust and Third National Bank offset the rise.

Deposits at Union Savings were up from \$5,029,781.62 to \$5,360,351.53; Sedalia Bank and Trust, down from \$7,132,874.19 to \$6,679,932.73; Third National, down from \$12,938,525.73 to \$12,675,945.87.

The increase in number of trains passing through Sedalia is a result of a derailment on the Frisco railway, according to reports from the Missouri Pacific and M-K-T lines.

The Frisco line, which runs from St. Louis to Springfield, was blocked when a train derailed on a bridge crossing the Gasconade River near Newburg.

Frisco freight and passenger trains have been routed from Pacific, Mo. to Sedalia on the Missouri Pacific line and by the Katy line from Sedalia to Ft. Scott, Kan.

Railroad spokesmen said Frisco is expected to stop detouring freight trains through the alternate route, but a number of passenger trains will continue until the bridge is repaired.

Stolen Kiss Costly
MOBILE, Ala. (AP)—A stolen kiss cost Herbert Collier Jr. \$100. A girl of 16, not identified, charged Collier, 19, with assault and battery. He pleaded guilty Tuesday and was fined.

Waiting for a Train
ON HAND FOR ANNIVERSARY OBSERVANCE—This group of Sedalians were on hand Tuesday at the Missouri Pacific Depot to welcome the 100th anniversary train to Sedalia. In the foreground from left to right are Mayor Abe Silverman, engineer Al O. Price, William Hopkins, Chamber of Commerce president; Jimmy Glenn, KDRO; and Jacob Deek. Immediately in back of Mayor Silverman is Leslie Hale, County Museum curator, who came up with the idea for an observance of the anniversary. An estimated 2,000 Sedalians were on hand to mark the 100th year of railroading in Sedalia. (Democrat-Capital photo)

2-Car Collision Kills Three Men On Kansas Road

GIRARD, Kan. (AP)—A two-car collision killed three men at an intersection on Kansas 57 about 12 miles west of Girard Tuesday.

They were Donald Gilbert Wolfe, 27, Kansas City; John C. Miller, 75, and Fred A. Hess, 74, both of Parsons.

Trooper Don McLeod of the Kansas Highway Patrol said Miller apparently drove through a stop sign onto the highway. Miller and Hess were partners in a land-leasing firm.

Missouri Budget Is In House

Dalton Recommends Changing Resources, Development Group

JEFFERSON CITY (AP)—Gov. John M. Dalton's record breaking \$1,255,000,000 in budget bills reached the Missouri House today.

So did his recommendation for revamping the present Resources and Development Division into a big Division of Commerce and Industrial Development.

The 13 appropriation measures and the Division of Commerce bill were among 37 new bills and a proposed constitutional amendment that hit the House hopper on this last workday of the legislative week.

The House will hold a technical session Thursday but the Senate quit for the weekend today.

Dalton's Commerce Division bill was introduced by Rep. Paul Canaday, D-Greene County. In it the governor proposed to keep a close personal grip on the division whose job it would be to promote industry and tourist business, assess Missouri's natural resource worth and promote its growing mining industry.

Now the director of resources and development is appointed by the Resources and Development Commission. James D. Idol holds the job.

Dalton's bill would abandon the present commission and substitute one of seven members, called an advisory committee.

The constitutional amendment would give Missouri veterans of World War 2 and the Korean conflict a bonus of up to \$500, at the rate of \$15 for each month outside the United States and \$10 inside. The necessary bond issue would be paid off by a tax on

(Please turn to page 2, column 4)

Springfield Crash Fatal to Two Men

SPRINGFIELD, Mo. (AP)—Two men died today in a traffic accident involving their car and a truck, 22 miles west of here on U.S. 66.

The victims were identified as Manuel Barquero Jr., San Diego, Calif., the driver, and Harold Carlton Nolte, 20, McHenry, Ill.

Barquero was pinned in the wreckage and Nolte was dead on arrival at a Springfield hospital.

The highway patrol reported the westbound car, either while slowing down or attempting to pass another machine, skidded into the path of a gasoline truck. The truck pinned the car against an embankment.

Predicts an Advance In Economic Growth

Sees a Need Of Time For New Leaders

Eisenhower Says President-elect Needs 80 Days

WASHINGTON (AP)—President Eisenhower said today election and inauguration dates ought to be changed so a new president would have 80 days to get organized before he starts doing business with Congress.

Specifically, he said, there should be that much time to prepare messages on the state of the Union and the budget before Congress convenes.

Eisenhower has just sent Congress his views in those fields, as required. Now the incoming administration of John F. Kennedy will set about revising the programs to meet its own ideas.

Eisenhower told his 193rd and final White House news conference he has some radical ideas about changing the schedule of transition from one administration to another.

He said he favors a constitutional amendment which would change the time of the national elections and of inauguration of a new president to a point where the new executive would take office 80 days before he meets with his first Congress.

Eisenhower gave no specific dates. But since Congress ordinarily convenes Jan. 3, under his schedule the new president would have to take office about Nov. 10 instead of the present Jan. 20 date fixed in the Constitution.

This would make it necessary to move the presidential election ahead of the date now fixed—the first Tuesday after he first Monday in November.

Up to now, he said this change over from a Republican to a Democratic administration has been going splendidly. He said there were no complaints on his part. He will have a meeting Thursday with Kennedy to close out the final details.

Injuries in Wreck Fatal to Webb Citizen

WEBB CITY, Mo. (AP)—James R. Stapleton, 40, Webb City, died Tuesday night of a skull fracture. He was injured in a car wreck a week earlier.

This government showed the understanding, firmness and willingness to take risks in support of policies which prevented the great war from coming, the President said.

Dale L. Downs Attacked by Wasps

Sedalia Youth Is Severely Hurt in Fall From Bluff

A swarm of wasps stopped a successful climb of a bluff at the Ottaville Roadside Park on U.S. Highway 50, Tuesday afternoon, and caused Dale Lee Downs, 15, to suffer severe and painful injuries. The accident occurred about 2 o'clock in the afternoon while several teenagers were playing at the park.

Downs was stung several times on his hands and when he fell to the Missouri Pacific right-of-way he suffered multiple fractures of his pelvis. He was brought to Sedalia in the Ewing ambulance and taken to the Bothwell Hospital where Dr. J. W. Maunders attended him.

Dale is the son of Mr. and Mrs. Dale Downs, 1701 South Montgomery.

According to Darrell Antoine, 16, son of Mrs. Marie Antoine, 1704 South Montgomery, who was with Downs, they were walking along the railroad track and decided to try and climb the bluff. Darrell reported he made it up and over the top. He said he saw a swarm of wasps over a ways and just before Dale reached the top they moved over to where he was approaching the top.

As Dale put his hands on rocks at the top the wasps made an attack, and Dale lost his hold and fell backwards down the bluff. He barely missed striking the ties and rails of the track. The youth screamed he was burning up. Darrell reported when the wasps attacked.

Ronnie Wilborn, 11, son of Mr. and Mrs. Kenneth Wilborn, 1007 East 16th Street, a cousin of Dale, was with the group as were Loraine Heuerman, 15, and Miss Pat

Carthage Lady Named Head of YMCA Board

CARTHAGE, Mo. (AP)—Mrs. Ernestine Mayes has been elected president of the Young Men's Christian Association board in Carthage.

YMCA officials in Carthage said she is the first woman in this region and perhaps the second in the nation to hold such a position.

Mrs. Mayes has been a YMCA director the past year. Her husband, Roy E. Mayes Sr., was appointed to the Missouri Highway Commission Monday by Gov. John M. Dalton.

Ike Gives Appraisal Of an Era

Peace Preservation Called His Greatest Office Achievement

WASHINGTON (AP)—President Eisenhower said today he considers the greatest achievement of his eight years in office was the preservation of peace in an era when weakness would almost certainly have brought disastrous war.

Eisenhower gave this appraisal in his last presidential news conference, attended by 280 reporters who crowded into the ornate Indian Treaty Room of the Old State Department Building.

The 70-year-old soldier-president dealt quickly, smilingly and emphatically with questions concerned with foreign and domestic problems. He spoke most feelingly when asked what he considered his most satisfying achievement and most heartbreaking failure.

His great disappointment, Eisenhower said, was that the nation could not be brought to the place where it could be said that peace with justice was in sight.

As for achievements, Eisenhower went on, the eight years spanned a period in which the Russians achieved the hydrogen bomb, built an arsenal of nuclear weapons, and supported the warlike threats of the Red Chinese—a period in which this country was fighting a war in Korea and there was grave danger it would spread.

This government showed the understanding, firmness and willingness to take risks in support of policies which prevented the great war from coming, the President said.

In all its 214-page length, the message never spoke of a recession, business dip, or downturn as marking the closing months of the Republican administration.

It referred to "moderate" late-1960 declines in production and employment as being mainly the result of industry's liquidation of an over-accumulation of inventories, and suggested that this may soon be stopped and inventory-buying resumed.

"An increase in general economic activity should not, accordingly, be long delayed," the President said.

Youth Shot While Trying Fast Draw on Rabbit

Jerry Antoine, 21, suffered a wound in the calf of his right leg about 4:30 p. m. Tuesday while rabbit hunting. Antoine was at the Georgetown rock quarry when the accident occurred. The shot, reportedly, came from his own gun.

Sgt. Jim Clifford and Officer Lester Williams, who questioned Antoine at the Bothwell Hospital, reported Antoine said he was demonstrating a "fast draw," on the rabbit and the gun accidentally discharged. The bullet struck the right side of the calf and was imbedded in the muscle.

Antoine was brought to Sedalia in a private car and taken to the Bothwell Hospital where Dr. Joseph W. Maunders treated him and removed the bullet. He was later released to go to his home, 1704 South Montgomery.

According to the officers Antoine was using a Ruger Six .22 caliber target pistol.

Senate Receives Postmaster Names

WASHINGTON (AP)—President Eisenhower has sent to the Senate these postmaster nominations: KANSAS—Leonard Y. Craig, Mulvane; Marion E. Keely, Rock and Thurman A. Kelly, Towanda.

MISSOURI—Charles W. Glass, Baring and Byron D. Montgomery, Slater.

Fun's Over

Eying tomorrow's forecast winter fishermen are heading back to the heated docks.

Mostly cloudy and turning colder tonight; Thursday considerable cloudiness and colder. Low tonight 20-25; high Thursday 35-40.

The temperature Wednesday was 34 at 7 a. m. and 57 at 1 p. m. Low Tuesday night was 29.

The temperature one year ago today was, high 31, low 22; two years ago, high 48, low 17; three years ago, high 43, low 30.

OBITUARIES

Donald Gilbert Wolfe

Donald Gilbert Wolfe, 27, of 3541 Gillum Road, Kansas City, Mo., was killed Tuesday afternoon at 4:45 in a two-car auto accident on K-57 about 12 miles west of Girard, Kan.

He was born Nov. 27, 1933, in Boonville, the son of Mr. and Mrs. Arthur Wolfe of the Pleasant Green community.

On April 24, 1960, he was married to Miss Betty Lee Decker of the Pleasant Green community. They moved to Kansas City following their marriage.

He graduated from the Pilot Grove High School with the class of 1951 and was presently employed by the Commercial Credit Equipment Corp. in Kansas City, Mo. He was on a business trip at the time of death.

Funeral services are incomplete. The body is at the Hays-Painter Funeral Chapel in Pilot Grove.

William Earl Long

William Earl Long, 72, Chicago, died Monday.

He was born and reared in Sweet Springs. He served in the Army Air Corps as a pilot and held the rank of a captain.

He was employed for many years by Swift and Company in Kansas City before being transferred to Chicago in 1935.

Survivors are: His wife, Mrs. Dorothy Long, of the home; two daughters, Marie Ann and Ruth Jane, both of the home; one brother, Dr. Forrest Long, New York; three sisters, Mrs. J. F. McCarty, Bucklin, Kan., Mrs. Orville Caton and Mrs. Hugh Hill, both of Sweet Springs.

Funeral services will be held in Chicago at 2 p.m. Thursday. Burial will be in the Oak Hill Cemetery in Chicago.

LODGE NOTICES

Granite Lodge No. 272, A. F. & A. M. will meet in stated communication Friday, Jan. 20th, at 7:30 p. m., Masonic Temple, Seventh and Osage. Visiting brethren always welcome.

John R. DeWitt, W. M. Lloyd C. Kennon, Sec'y.

\$2, Million Theft Leaves Town Shaken

SHELDON, Iowa (AP) — The economy of this small town in northwest Iowa was in a state of confusion today as the result of a \$2-million embezzlement from the Sheldon National Bank.

There were payrolls to be met, outstanding checks that seemed sure to encounter trouble, citizens without funds and local business records in financial disarray.

In jail, beyond the reach of persons seeking public answers to the questions of how and why it all happened, was Burnice Geiger, 58, daughter of the bank president.

The U.S. district attorney's office in Sioux City said Mrs. Geiger — a director and assistant cashier of the bank — admitted the embezzlement. A prominent citizen, she was known for her charitable works.

Her father, W.P. Iverson, 83, president of the bank for 45 years, could only say: "I'm all choked up."

The bank was closed for liquidation by the Federal Deposit Insurance Corp. after a routine audit by federal bank examiners turned up the shortage Monday night.

Officials of the FDIC were checking the records of deposits which were insured up to \$10,000 each. The bank's last statement on Dec. 31 listed total assets at \$1,995,000. The embezzlements were estimated at \$2,126,859.

The sentiments among businessmen was summarized by the comment of one: "We've heard the boom, now we're waiting for the echo."

Elect Cummings To Rod & Gun Club Directors

George Cummings was elected to the board of directors of the Sedalia Rod & Gun Club at the annual meeting of the stockholders held Monday night at Hotel Bothwell. He replaces Kenneth Pabst.

Re-elected to the board were Herman (Bud) Bloess, Jr., who is the current board chairman, and Charles Robb. Carry-over board members are J. D. Dill and Vernon Bingham.

Richard Cole, president, presented a plan to increase the stockholders of the club from the original fifty to one hundred. The plan was approved with the understanding that stock would be offered to non-stockholding members in the numerical order in which they became club members.

A plan was also approved to increase the number of members of the board of directors from five to nine when the new stockholders are added.

A report of the financial position of the club was given by Robert Bader, treasurer.

In the absence of Bloess, C. R. Roose, secretary, served as chairman of the meeting.

World Prayer Day Is Set for Feb. 17

Feb. 17 will mark the 75th anniversary of the World Day of Prayer in which millions of Christians around the globe will participate. Sponsored by the United Church Women, Sedalia services will be held in the First Methodist Church, one from 11:30 a.m. to 12, one from 12 to 12:30 p.m. and the afternoon service from 2 to 3 o'clock.

The theme selected this year is "Forward Through the Ages."

Five prayer fellowships will be held abroad and 40 in the United States and Canada.

The goal for the 75th anniversary offering is \$750,000, which will be used, in addition to the on-going project, for a major project in the Division of Home Missions in Alaska and a major project for the Division of Foreign Missions in Africa, and the financing of the Prayer Fellowship.

Eudora Stuart was granted a divorce from Ralph Stuart in Circuit Court Jan. 18. James E. Durley was the attorney for the plaintiff.

Music Theme At Optimist Weekly Meet

A different and very delightful program was presented by Mrs. Geraldine Schrader, director of music of Sedalia Public Schools, at the Optimist Club meeting Tuesday noon at Bothwell Hotel. Introduced by Ed Mitchell, program chairman, Mrs. Schrader pointed out the emphasis placed on music in the public school system and stated that 598 students are enrolled in instrumental music in the Sedalia public schools.

A string ensemble composed of Miss Florence Hert, first violin; Mrs. Edith Donath, second violin; Harold Johnston, viola; Mrs. H. Coffelt, cello; and Mrs. Schrader, bass. Mrs. Mary Faulkner was accompanist at the piano. All are instructors in the elementary schools: Miss Hert is vocal and instrumental instructor at Broadway; Mrs. Donath, vocal and instrumental at Whittier; Harold Johnston, vocal and instrumental at Washington; Mrs. Coffelt, vocal and instrumental at Jefferson and Mrs. Faulkner, vocal at Mark Twain. The ensemble played, "String Section Suite."

Mrs. Schrader, also, recognized Mrs. Frances Gilmore at Horace Mann, Bob Cummings and Mr. Swindell.

John Bill Richards, drum major at Smith-Cotton, played a trumpet solo, "Jupiter." Rod Hanna, played a drum solo, "American Patrol," a trio of eighth graders, composed of Paulette Lewis, Bill Brown and Doug Fristoe, played "Crackerjacks" and the string ensemble closed with "Jazz Pizzicato" and "Siboney."

The meeting was presided over by Jay Lazerson, president, with invocation by the Rev. John Hansen. Charles Hanna led the singing.

Guests introduced were: Frank Bair, Wray Schroeder, Jack Krause, Charles Barnett and Leroy Wells.

McVey Speaks At Rotary Club Meeting Monday

W. A. McVey, department head at the Missouri Pacific shops, was the speaker at Rotary Club Monday, presenting "Portraits of Missouri" in which he reviewed outstanding historical highlights of the territory which later became the State of Missouri, as well as many interesting events after it became a state. Among the things mentioned by McVey was the first passenger train coming to Sedalia.

Prior to his talk, McVey presented a three-tier decorated anniversary cake in commemoration of the 400th anniversary of that first passenger train to Sedalia which took place Jan. 17, 1861.

A film, "Portraits of Missouri," produced by the Missouri Resources and Development Commission, was also shown.

James Simon, program chairman, introduced the speaker.

Trip to Home Town Reveals Change Plays No Favorites

KANSAS CITY, Mo. (AP)—He looked familiar across the crowded ballroom, but for a moment I couldn't place him.

Then it came back to me. Why, of course. How could I ever forget? I had known him so well in high school, and had visited in his house several times then.

"It's a real pleasure to see you again, sir," I said, stepping up and wringing him by the hand. "You probably don't remember me, but I used to know your son Joe real well—years and years ago."

The man stared at me, then said: "You really are lost. I am Joe. I wondered when you were going to say hello."

Well, that's the way it is. They say you can't come home again.

Rocky, a Man to Watch

A while back Gov. Nelson Rockefeller of New York announced for re-election in 1962. Now new signs appear that he is following a quicker political pace than he did in 1960.

The governor is getting around the country some on speechmaking forays. Even Los Angeles has not been too far, though his state legislature is currently in session.

More than this, he has already offered his services as a 1962 campaigner to fellow Republicans everywhere, despite the fact he will then be engaged in his own battle for another term.

This kind of activity, begun early and continued long, was just exactly what Rockefeller did not do in the 1960 presidential campaign.

It is interesting to note that a good many GOP professionals, including some top men in the Nixon camp, felt that Rockefeller gave up too easily last year. Many of these were happy that he did. But their expert judgment was that he could have made a good fight of it had he chosen.

They felt, among other things, that he was

very badly advised politically. Many were thoroughly convinced that he did not have a single aide qualified to counsel him on the intricacies of national politics.

As one GOP veteran put it tersely if somewhat cryptically: "Rocky never knew where the bodies were buried."

Perhaps the sharpest signal on Rockefeller's 1964 intentions will come if and when he chooses a really well versed political assistant between now and 1962. It would be clear evidence that next time he will be prepared to master the political infighting he turned away from in 1960.

Plainly, no matter what he does, there will be plenty of Republican opposition to Rockefeller as a 1964 candidate, and possibly not the least of it from Richard M. Nixon himself.

Yet even Nixon's own advisers did not underestimate a green Rockefeller in 1960. Neither they nor any other party leaders worth their keep are likely to underrate a more seasoned Rockefeller playing the game hard for 1964.

Washington Merry-Go-Round

Oil Lobbyist and Navy Secretary

By DREW PEARSON

WASHINGTON—If President-elect Kennedy had switched the appointment of his Secretaries of the Army and the Navy a lot of his Senate supporters would be happier. As it is, he has appointed one of the top oil lobbyists of the USA, John B. Connally, to be Secretary of the Navy, a branch of government which is the biggest oil purchaser in the world.

If he had been made Secretary of the Army, Connally, an able lawyer and the campaign manager for Lyndon Johnson, would have no problems. But in appointing Connally Secretary of the Navy, Kennedy has put Senate colleagues on the same embarrassing spot that Harry Truman put Senate Democrats when he appointed his close friend, Ed Pauley, to a lesser post — Under Secretary of the Navy. Pauley is able, honest, loyal — but an oilman. Even close Democratic friends of Mr. Truman opposed him. Truman bowed. Pauley's name was withdrawn.

The case against Connally is even stronger, first because he will be top man in the Navy, not Under Secretary; second, because Connally has been much closer to the oil-gas companies than Pauley. Pauley is an independent operator. Connally was the attorney and lobbyist for a group of oil-gas companies which raised \$1,500,000 in 1956 to lobby the Natural Gas Bill through Congress.

Connally was the mainspring of that lobby, helped direct the expenditure of its funds, masterminded the battle on Capitol Hill. Almost every important gas-oil company in the nation contributed to this lobbying fund, thereby also paying for Connally's professional services.

Yet Connally, as Secretary of the Navy, not only will buy more oil than any other man in the world, but will be charged with

the supervision of one of the greatest oil reserves in the world. He will have to decide whether to lease certain areas to avoid loss from adjacent wells, and if so which companies to lease to. Inevitably some will be his old lobbying associates.

Since this column has reported on the oil influences around President Eisenhower, it's only fair to report on the oil influences around incoming President Kennedy.

Tremendous Oil Domain

As Secretary of the Navy, Connally would supervise 23,700,000 acres of oil land, plus 156,113 acres of oil shale reserves. Here is a brief breakdown of this vast property now governed by the U. S. Navy:

1. Elk Hills, Calif. — 46,095 acres of proven oil land of which the Navy owns 81.7 per cent; Standard Oil of California owns 18.3 per cent. This is part of the area which got involved in the famous Teapot Dome scandal during the Harding administration when Edward Doheny delivered \$100,000 in a little black bag to Albert Fall, then Secretary of the Interior.

2. Buena Vista Hills, Calif. — 30,181 acres, owned one-third by the Navy and two-thirds by private companies. Since Navy holdings are checkerboarded with those of private companies, the Navy, to protect loss from offset drilling, has leased 17 plots of land to seven operators. They are: Standard (Calif.), Richfield, Union, Socony, Honolulu Oil, General American Oil of Texas, and Tidewater.

Most of these — through their executives — have been heavy political contributors to both lobbying and political campaign funds. Most of their money went to Eisenhower. However, Connally at that time was on their side of the fence. He was a big like booster, did his best to defeat Adlai Stevenson.

3. Teapot Dome, Natrona County, Wyo. — 9,481 acres. This also figured in the famous Harding oil scandal. Four years ago, MKM Oil and Trigood Co., both of Casper, started a new development along the Eastern boundary of the Navy's holdings.

So the Navy started offset operations to prevent its oil from being drained off. It let a contract to Intex Oil of Bakersfield, Calif. This is the kind of decision Connally would have to make as Secretary of the Navy — namely, whether to lease or not, and if so to which private company.

4. Arctic Slope of Alaska — 23,680,000 acres, all Navy owned, with no private drilling in the area except for Colorado Oil and Fuel which, however, has to keep two miles away from the Navy reserve.

The Navy's oil shale reserves include 41,353 acres near Rifle, Colo., 92,160 acres in Carbon and Uintah Counties, Utah, and another 22,600 acres near Rifle. None of it is being developed.

Note — It will be interesting to see how certain members of the Senate Armed Services Committee, which must first pass on Connally's confirmation, vote. Republican Sen. Glenn Beall of Maryland received a \$3,000 oil contribution in his 1952 election. The son of GOP Sen. Prescott Bush of Connecticut is head of the Zapata Company, which operates valuable offshore oil lands.

Minor Inaugural Precedent

There's an interesting minor precedent being made by Catholics on Jan. 20, aside from the major precedent of inaugurating a Catholic President for the first time in history.

That precedent is a special dispensation that Catholics attending the inauguration may eat meat on that day.

It being a Friday, members of the Catholic faith ordinarily would not be permitted to eat meat. However, picking up a fish luncheon or a fish dinner is going to be so difficult on the hectic Friday that sees John Fitzgerald Kennedy made the 35th President, that a special dispensation will be permitted Catholics.

The time between the oath at the Capitol at noon and the start of the inaugural parade will hardly be enough for the thousands of visitors now thronging Washington to get anything other than a ham sandwich and a cup of coffee. So if the Catholic visitors partake of a little ham or a hot dog or even a roast-beef sandwich, they'll be given special dispensation.

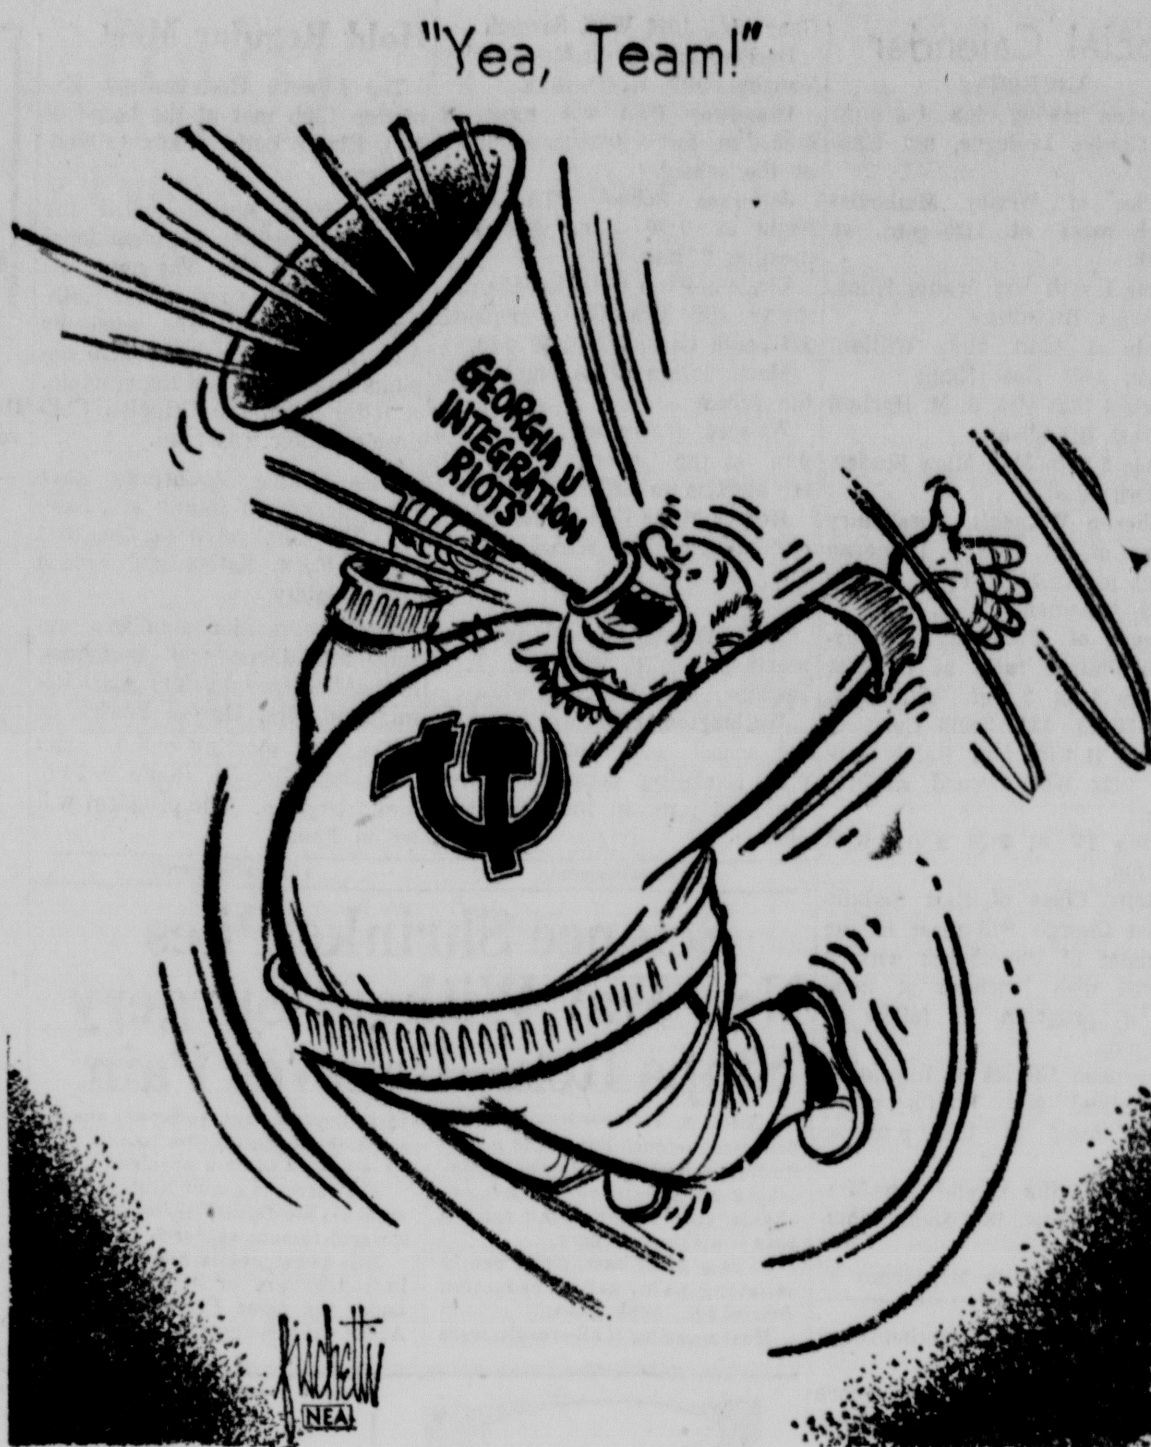

Or Blackboard Chalk

This is the age of noise, say medical men, pointing to the roar of jets, the din of automobile traffic, the bombardment of radio and television. But what is the most annoying noise of all?

The scraping of a saucepan with a knife, according to tests carried out in Britain's National Physical Laboratory.

Has Human Trait

When drinking, the white-headed saki monkey has the curiously human trait of raising water in cupped hands to the lips, instead of bending down and lapping it up.

The World Today

Ike Puts Finger On Important Point

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — President Eisenhower, in his farewell address to the nation, put his finger on the very point by which history will judge the success or failure of his presidency.

How well in his eight years in the White House did he balance one national need against another?

That word "balance" had a major place in his talk Tuesday night. His emphasis on it pinpointed the dilemma facing many American presidents.

"Each proposal must be weighed in the light of a broader consideration: the need to maintain balance in and among national programs — balance between our essential requirements as a nation and the duties imposed by the nation upon the individual; balance between the actions of the moment and the national welfare of the future."

"Good judgment seeks balance and progress; lack of it eventually finds imbalance and frustration."

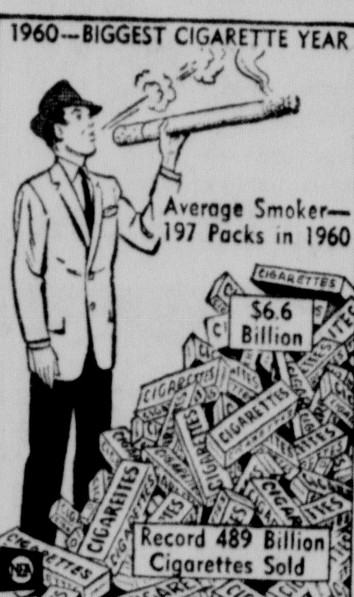

There is no doubt that balancing is what the conservative Eisenhower tried to do. For him, as for any president, this required not only the judgment he mentioned but foresight enough to feel the future would justify his judgment.

Just because the future is so intricately wrapped up in what he did and decided not to do, in the programs he pressed and those he didn't, the results of his stewardship may not be discernible for 10 or 20 years.

He sounded confident Tuesday night, as he did earlier in the week in his budget message to Congress, that he had guided the country well. "America," he said, "is today the strongest, the most influential and most productive nation in the world."

Only the years ahead will have the answer to this self-appraisal of his presidency.

For instance, we won't know for years whether he put enough emphasis on and resources into missile and space development to stay abreast or ahead of the Russians or whether some failure to see future needs correctly gave the Soviets enough advantage in time and effort to enable them eventually to dominate the West.

HEAP BIG SMOKE—Despite higher taxes and health scares, Americans smoked more cigarettes in 1960 than ever before. Department of Agriculture figures show that 489 billion cigarettes were sold during the year. This averaged out to 197 packs, see Newschart above, for every person of smoking age in the nation.

In an earlier day —when scientific development was far less dominant in the national and international future — a president could be pretty well judged by the time he left office.

Not so with Eisenhower — at least not in entirety — because much of the American future is wrapped up in decisions whose consequences will be a long time unfolding.

The Doctor Says

Worry Conscientiously You'll Be Better for It

By Harold Thomas Hyman, M.D.
Written for Newspaper Enterprise Assn.

One of the silliest pieces of advice we sometimes give on another is "don't worry." As if ceasing to worry would remove a worrisome situation like threatened loss of a job or the critical illness of a child.

In a refreshing switch on the "don't worry" theme, Dr. Samuel Levine of the Harvard University Medical School has called attention to the merits of worrying.

"The habit of worrying," said Dr. Levine in an address to the Harvard Alumni Association, "is one of the most precious assets that a practicing physician can have. . . . The perplexed physician will need to worry about his patients. In fact, if he does not worry about his patients he is not likely to be a good physician."

"If any one of us doctors was seriously sick," Dr. Levine said, "we would want our physician to worry about us. For the man who attends his patient in his office or in the sick room, no matter how expert he may be and then dismisses the problem from his mind, will overlook things from time to time. . . . The physician must worry when he is otherwise unoccupied—driving

his motor car or taking a stroll in the street."

Later, in his address, Dr. Levine considered the possible effects of worry on the worrisome physician. He cites the prevailing opinion that coronary thrombosis and other forms of heart disease are particularly common among doctors. Yet, when he consulted his own records, he found that "physicians die of coronary disease at exactly the same age as the general population."

"The rewards of the habit of worrying are great," Dr. Levine concluded. "It enriches the life of the physician and (assists him) to do his common job, uncommonly well."

There are, of course, limits to the extent we should worry about anything in our complex and demanding lives. It is certainly wasteful to worry about things and situations about which we can do nothing.

Still more wasteful is it to inflict our habit of worrying on others unless we're prepared to make a sincere effort to do something about a worrisome situation.

But if worry is the spur that stimulates greater efforts and more useful action, and if it can help you "do a common job, uncommonly well," how about raising a few wrinkles on your own brow?

Looking Backward... Man, 65, Loses His Young Wife In Family Rift

SAN ANTONIO, Tex. (AP) — Jose M. Moreno, 65, says he and his bride of 15 have separated after 12 days of marriage.

"She called me and told me she wasn't coming back," Moreno said Tuesday night.

He said he came home Friday to find his wife, the former Maria Diana Candia, missing.

Moreno, who owns a small grocery, said the trouble started four days after the Jan. 6 marriage when the bride's father brought his family of nine "temporarily" into Moreno's four-room home.

"Thursday, I asked him to move," Moreno said, "because the house wasn't big enough for us."

Moreno said he thinks the bride's father is "pressuring" her.

10 Argentine Pilots Leave for the Congo

BUENOS AIRES, Argentina (AP)—Ten Argentine air force officers left Tuesday for Elisabethville, the Congo. They will replace 10 Argentine pilots who have been flying transports for the U.N. force in the Congo for several months.

'Che' Guevara Agrees

Cuba May Be Bankrupt But Is Far From Collapsing

By HAROLD LAVINE
(DPAK Special Service)

HAVANA — Cuba is bankrupt. Ernesto Guevara has admitted as much, and "Che" Guevara should know, for he runs the Banco Nacional, the national bank of Cuba. In a TV report the other night on his recent tour of the Iron Curtain countries, "Che" said the Americans were perfectly right in maintaining that Cuba had run completely out of dollars and gold.

Actually, the situation is even worse. Cuba's outstanding foreign debts today total a fat \$7 million more than her available foreign exchange. Cuba isn't paying her debts unless she absolutely has to.

Looking at Cuba's bankbook, there are those Americans who expect the government to collapse economically. But this is just wishful thinking. The government is nowhere near collapsing. It can't collapse as long as Nikita Khrushchev remains willing to stuff it with rubles.

Take the sugar situation, for example. The United States used to buy about 2 million tons of Cuban sugar a year, paying 5.2 cents a pound, more than 2 cents over the world price. When the U.S. stopped buying Cuban sugar, it hurt; but then Mr. K stepped in, offering to buy 4 million tons of sugar this year at 4 cents a pound. Cuba actually will get more for its sugar from the Soviet Union than it ever did from the U. S.

Take the oil situation. When the U. S. cut off the shipment of oil to Cuba last year, it looked as though Fidel Castro was really in for trouble. Cuban industry runs entirely on oil, and Cuban industry instantly started grinding to a halt. Then, tankers loaded with Soviet oil pulled into Havana harbor, and Castro's troubles were over.

Take tin plate. Cuba is getting that now from East Germany.

The U. S. embargo hasn't damaged Cuban economy nearly as much as Americans like to believe, not only because the Iron

Curtain countries are filling many of Cuba's needs but also because, until the day the U. S. broke off diplomatic relations with Cuba, it was so full of loopholes. Weeks after the embargo, American tractors were still being unloaded in Havana. They had been ordered before the embargo and it, therefore, hadn't covered them.

Nearly all of Cuba's machinery is American. The same is true of her electrical equipment, her cars and her trucks. The embargo stopped the shipment of spare parts to Cuba, but spare parts are the least of Cuba's worries. For one thing, she has vast stockpiles of them; for another, she can always buy them from the Mexican and Canadian Subsidiaries of U. S. firms.

Castro has been spending vast sums of money for housing, for schools, for clinics, for roads, for playgrounds, for swimming pools. Where does he get it? He prints it. In the past two years, the amount of currency in circulation has more than doubled, zooming from 426 million pesos to 934.3 million. The peso once sold for \$1. You can now buy a peso in New York for 27 cents.

Ordinarily, currency inflation leads to galloping price inflation and finally to economic collapse. It did in Nationalist China. The ordinary rules don't apply to Cuba, for Cuba has a socialist economy. The government has such complete control of the economy that it can successfully control prices. Food and clothing cost just about what they did before the printing presses went into action; rents and transportation are actually lower.

Moreover, a good deal of the currency goes out of circulation very quickly. Castro has nationalized the banks, and people no longer trust them. So they put their savings under the mattress.

Cuba is far from the Paradise that Fidel Castro promised. However, those Americans who are waiting for Cuba to collapse economically will have to wait a long, long time.

We, the Women

'All About Men' Tells All About Women, Also

By RUTH MILLETT
Newspaper Enterprise Assn.

Some of the best advice I've ever read for young men about to be married is in a funny and wise book written by a retired general practitioner with the intriguing title, "All About Men."

Here are a few of his down-to-earth comments:

"You are thinking of marrying her. . . . If she were a man, would you enjoy going on a camping trip with her? Would she carry her share of the wood to the campfire and help clean the fish? Could you sit looking into the fire for an hour after supper without making any effort to be entertaining and be considered neither a bore nor a bore?"

"All women will try to make you over into their ideal of a Prince Charming, but if the missionary spirit overpowers your flame before marriage and she mentions some of the bad habits she intends to unproof once she has you, remember that to be forewarned is to be forearmed. "Pick a gal with grown brothers, if possible. She will be less likely to expect too much and therefore won't be too disappointed in you later."

"Have a fight with her while you're a courtin'. If she kicks you in the shins or bops you on the chin, all is well. Anybody enjoys a good clean fight, but a dame who weeps and wonders how you can be so cruel is poison. Just remember that a woman's tears generate more

power than any waterfall. Also, shun the dame who will never forget a wrong and will never be satisfied until she makes you feel like a heel, regardless of who is right."

"If you take marriage seriously, discount all the moonlight and roses and 'love-forever-true' stuff. You are entering the most sacred and important partnership of your entire life."

"It can be heaven on earth, whether you live in a palace or trailer, or it can be hell on wheels, even if you wangle a wealthy wife."

"I think it was Michele who said, 'If you wish to ruin yourself, marry a rich wife.' . . . If you don't like her folks you may have a hard time liking your own kids because half of their chromosomes come from her side of the family."

Well, that's enough for a teaser. If you want more, get a copy of "All About Men" by Joseph H. Peck, M.D., at the library and treat yourself to an evening of delightful reading.

Dr. Peck, it seems, knows almost as much about women as he does about men—so while you are learning all about men, you'll be learning quite a handy bit about women, too.

New Cabinet Distinguished By Background of Members

WASHINGTON (AP) — President-elect John F. Kennedy's Cabinet is distinguished by its diversity.

It contains wealthy men and those of humble origin. It has seven Protestants, two Jews and one Catholic, Kennedy's brother. It is drawn from the world of business, of scholarship and of government.

Some of the Cabinet members are longtime political associates of the president-elect. Others he knew only by reputation.

All of them will make \$25,000 a year as Cabinet officers; for some it is quite a pay cut.

Here are sketches of the 10 men in the Kennedy Cabinet, plus some of his top White House aides:

Secretary of State—Dean Rusk, 51, was president of the Rockefeller Foundation. Born on a farm in Georgia's Cherokee County, he won a Phi Beta Kappa key at Davidson College, then a Rhodes scholarship, became dean of faculty at Mills College at 25. Entered the State Department after World War II, rose to assistant secretary of state for Far Eastern affairs, was a chief architect of U.S. Far Eastern policy. Joined Rockefeller Foundation in 1952. Married, three children; Presbyterian.

Secretary of Treasury—Douglas Dillon, 51, a wealthy man who believes in hard work. A Republican, moved over to Kennedy Cabinet from position as undersecretary of state for President Eisenhower. Banking family background, was chairman of the board of Dillon, Read & Co., Wall Street bankers, while still in his 30s. Has always advocated large-scale foreign economic aid. He was ambassador to France early in the Eisenhower administration, and moved up in the State Department to become a top policy maker. He is an accomplished linguist, ardent art lover and gourmet, owns one of the finest vineyards in France. Married, two children. Episcopalian.

Secretary of Defense—Robert S. McNamara, 44, who had become president of the Ford Motor Co. just a month before he was tapped by Kennedy. By divesting himself of his holdings to take the Cabinet post, he lost an estimated \$3 million, says personal considerations must be subordinated to public service. Joined Ford in 1946 after pioneering statistical controls for the Air Force. Married, three children. Republican. Presbyterian.

Attorney General — Robert F. Kennedy, 35, unique in being the first brother of a president named to his Cabinet. Managed the president-elect's campaign with tireless fervor. Was reported reluctant to accept the post because it might bring criticism on his brother. Made a name for himself as chief counsel of the Senate rackets investigating committee, which probed wrongdoing in labor unions and other matters. Says he is divorcing himself from politics in his new job. Married, seven children. Catholic.

Postmaster General — J. Edward Day, 46, a Los Angeles insurance executive, was associated with Adlai E. Stevenson when Stevenson was governor of Illinois. His work in cleaning up insurance rackets there brought him to the attention of the Prudential Insurance Co. He joined the firm, became a vice president in charge of Western operations. Comes from a family of physicians but decided on law career and graduated cum laude from Harvard Law School in 1938. Married, three children. Methodist.

WHITE HOUSE AIDES
Special counsel to the President—Theodore C. Sorensen, 32, one of Kennedy's closest confidants since he was elected to the Senate in 1952. Self-effacing, cool, analytical, Sorensen became Kennedy's administrative assistant then and was a chief speech writer and idea man during the 1960 campaign. Born in Lincoln, Neb., graduated from University of Nebraska Law School as top scholar in his class, came to Washington and had several government jobs before hooking up with Kennedy.

White House press secretary—Pierre Salinger, 35, ebullient, efficient, forever chomping a cigar. As a child he was a musical prodigy at the piano. Joined the Navy as a youth in World War II, won the same medal for heroism in the Pacific that Kennedy did. Joined the San Francisco Chronicle and later Collier's magazine. His work on an article about Teamsters Union President James R. Hoffa was turned over to a Senate committee whose chief counsel was Kennedy's brother, Robert. Salinger became a top investigator for the committee. Through Robert he met the president-elect.

Special assistant to the President—Kennedy P. O'Donnell, 36, a football star at Harvard, where he met Kennedy's brother, Robert. He was a bomber pilot in World War II, went to work for Kennedy in 1952, left to enter private business, and returned as aide to Robert Kennedy on Senate rackets committee. Handled scheduling and arrangements throughout the presidential campaign.

Secretary of the Interior—Stewart L. Udall, 40, a member of

the House since 1955. He comes from a family prominent in Arizona politics and law. He attended Arizona schools and colleges, got a thorough grounding in farm work from his father. A lawyer, he is expected to strongly favor more reclamation projects in the West. Served as an enlisted Air Force gunner on a B24 in Italy in World War II. Married, six children. Mormon.

Secretary of Agriculture — Orville L. Freeman, 42, former governor of Minnesota. He has been one of the most articulate critics of Eisenhower's agricultural chief, Ezra Taft Benson. Got into politics as secretary to Sen. Hubert H. Humphrey when Humphrey was mayor of Minneapolis. As a Marine in World War II, his jaw was scarred by a Japanese bullet in the Pacific; he took special exercises to overcome a resulting partial paralysis of the face. Won highest honors at University of Minnesota Law School. Married, two children. Lutheran.

Secretary of Commerce—Luther Hodges, 62, former governor of North Carolina. A tenant farmer's son, he became a wealthy textile executive. Entered public service in his 50s, served in Germany and as a consultant to the State Department. He was elected lieutenant governor of his state in 1952, succeeded to governorship upon the death of his predecessor. In six years as governor he pushed a campaign to attract industry to the state. Married, two children. Methodist.

Secretary of Labor—Arthur J. Goldberg, 52, general counsel for the United Steelworkers Union. A top labor lawyer for 25 years, he also was special counsel for the AFL-CIO, played a key role in ending the deadlocked record 116-day steel strike last year. As a lawyer, Goldberg has opposed some of the laws he now is called upon to administer. He promises to do it fairly, has severed all connections with labor unions. Known among lawyers as a brilliant advocate. Married, two children. Jewish.

Secretary of Health, Education and Welfare — Abraham A. Ribicoff, 50, former governor of Connecticut. Son of a factory hand and peddler, worked his way through University of Chicago Law School with honors. Began political career in 1938, served two terms in Congress, suffered his only defeat when he ran for the Senate in 1952. Twice elected governor, he instituted a campaign to suspend licenses of highway speeders to cut accidents; it drew nationwide attention. Was an early backer of Kennedy. Married, two children. Jewish.

Superintendent of Schools Serves County for 34 Years

C. F. Scotten, county superintendent, is shown with his secretary, Betty Blackwell. Democrat-Capital photo)

(EDITOR'S NOTE: This is an other in this series of articles concerning city, county officials, their staffs and responsibilities.)

C. Foster Scotten has been county superintendent of schools since July 1, 1927, with two years of his term still to be served.

Since last September, Betty Blackwell has been his secretary. Up until 1909 the office was known as county commissioner, and then became county superintendent. It is his duty to visit every school under his supervision at least once a year. He holds annual meetings of the teachers of the county, usually the last week in August. He also has meetings of school board members of the county and that is usually in January or February at which time school supplies are distributed.

Another phase of the office that takes considerable time is the preparation of the school budgets. The county superintendent, the school clerk or school board prepares a budget for the school district specifying the levy needed for operation of the school for the school year.

The county superintendent also calls annual meetings of the school board members of the county the second Tuesday in April at which time the county board members are elected. The duty of the county board is primarily to reorganize schools of the county. The county superintendent serves as secretary ex-officio of the board and serves as a member of the Boonlick Regional Library.

In case of a tie vote for local board of education the county superintendent casts the deciding vote. Numerous reports are filed in the office of the county superintendent, which include teachers' term reports, term reports of all school board clerks and secretaries of the county, the boards of education in the county file reports to the state board of education in which application for state school aid for local districts under his supervision. Another is the annual transportation report for all the children transported, their grade and age.

Another duty of the county superintendent is keeping a map of the county indicating the sep-

arate boundary lines for different schools of the county.

The county superintendent now issues third grade county certificates. These are very few, but at one time the county superintendent gave examinations to all the teachers of the rural schools. These are now given at the colleges attended by the teachers applying for schools.

Examination for eighth grade pupils is given under the supervision of the county superintendent.

The county superintendent, with the assistance of a teacher committee of which Mrs. Robert Risler is chairman, is planning a one day dental workshop at which all teachers will participate either in talks or displays of material. Tests of 160 questions have been prepared covering the Missouri Guide for Dental Education.

Another duty authorized by law is that the county superintendent make an annual report to the board of education.

A census of handicapped children in the county is taken by the county superintendent.

There is a close relationship of the county superintendent with the people of the county, Scotten stated. He stated that the office of county superintendent should be retained, developed and expanded and changes made to meet advancing changes in education.

There are frequent requests from people in all parts of the county for verification of their date of birth. Records of this office go back to 1920 when the court house burned and practically all records were destroyed.

The county superintendent gets information from all schools in the county and unifies records of the county. The selecting of the books that students use is under his supervision with the aid of the textbook committee, and it is quite a responsibility. He must attend many meetings, among them the annual meeting of county superintendents, the annual meeting at Warrensburg, the State Teachers meeting, the local school administration meeting, and others.

Probably the greatest change in schools in the county, Scotten said, has taken place in the past ten years, with the reorganization. There are rural schools with

three directors; the rural schools with six directors, the elementary reorganized, the elementary consolidated, the town consolidated, the non-consolidated. Schools under the supervision of the county superintendent are rural, elementary, reorganized schools and consolidated schools with an enrollment of approximately 700 children. Other schools are under the supervision of the local school superintendent or administrator.

Another change and progress is transportation of children to the schools. Most of the children in the rural areas are transported to grade or high schools by about 35 buses. There is inspection of the school bus under the direction of highway patrol with the cooperation of the state department of education and the county superintendent of local schools.

Still another part of the progress is the hot lunches and the school milk program, and most of the schools participate. Practically all of the children receive hot lunches or the milk program or both.

Another service is the continuing of the census, which has a card on which is the name of the child, grade, age, name of his parents, address or that of the guardian. This record is used for the complete 12 years the child is in school. It gives the place of birth, date of birth, and authority for the date of birth, first

year in school, school attendance, rural, elementary school of the county.

Scotten stated that the work of the county superintendent's office is one full of duties and responsibilities. It is an opportunity for education, growth, advancement, fine association with teachers, school board members and the public. He stated his years in this work had been most pleasant and he knew of no other type of education service he would prefer to the duties of county superintendent.

Dresden WSCS Holds 20th Birthday Meet

The Dresden Methodist WSCS met for their January meeting with Mrs. D. E. Edwards hostess and Mrs. S. S. Hall, assisting hostess.

A contributive dinner was served at the noon hour to 16 members and three guests, Mrs. Lela Raabe, Mrs. Agnes VanNatta and Miss Jessie B. Funk and three husbands.

This was the 20th birthday anniversary of the WSCS. Mrs. Edwards baked a white birthday cake decorated in blue and white candles.

Mrs. Rhine was the program leader. Mrs. Farris gave the Scripture readings. Several letters and cards of thanks were read, thanking the society for the nice gifts and boxes of cookies, candy and fruit sent at Christmas time.

It was voted by the group to buy three dozen chairs for the basement, also to buy flowers for Mr. and Mrs. F. Romig for their golden wedding. They also planned to buy literature for the world day of prayer.

Charter members present were Mrs. George Farris, Mrs. Ida Painter, Miss Mary and Nadine Stine, Mrs. George Fichter, Mrs. H. A. Wilson, Mrs. Charles Fichter, Mrs. Charles Romig, Mrs. C. E. Ferguson, Mrs. Clayton Stevens and Mrs. George Fichter gave a television playlet on missions.

Mrs. Elmer Rhine and Mrs. G. D. Farris Jr. will be hostesses for the February meeting. Mrs. Charles Fichter will be program leader.

Celebrates Birthday With Party Saturday

Sharon Kay Patterson, daughter of Mr. and Mrs. Bill Patterson, 1501 South Osage, celebrated her tenth birthday with a party at her home Saturday.

Games were played with prizes going to Susan Wheeler, Christine Lind and Debbie Briesca.

Refreshments were served to the following: Charla Sparks, Christine Lind, Susan Wheeler, Patricia Carroll, Linda Semkin, Sharon Kindie, Debbie Briesca, Terry Hartsock, Debbie Streeter, Cynthia Wheeler and Jimmy and Charle Carroll.

Mrs. Clayton Wheeler, Mrs. Charles Sparks, Mrs. Clarence Carroll, Mrs. Don Streeter and Mrs. A. Buce Gadue.

year in school, school attendance, rural, elementary school of the county.

Scotten stated that the work of the county superintendent's office is one full of duties and responsibilities. It is an opportunity for education, growth, advancement, fine association with teachers, school board members and the public. He stated his years in this work had been most pleasant and he knew of no other type of education service he would prefer to the duties of county superintendent.

Corey Does First Role In 10 Years

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP) — Recently Jeff Corey acted in an "Untouchables" film, playing a druggist with a knack for making bootleg booze.

It was a good role, though not a showy one. What made his performance news was that it was the first film acting he had done in exactly 10 years. It marked his return from the shadowy exile of film personages who refused to answer questions about Communist connections before a congressional committee.

Corey's most famous role was as the psychiatrist in "Home of the Brave." He acted in 60 other movies and says he was the busiest actor in Hollywood during the late 1940s. Then he was mentioned in hearing testimony as having attended certain meetings. He was called before the House Un-American Activities Committee in Los Angeles hearings. He took the Fifth Amendment.

"To most of us who were called to appear, the questions were historical," he says now. "If I thought security was involved, I would have answered freely. But it wasn't."

"I knew what was required if I wanted to continue in my profession. All I had to do was drop the two required names in the basket, and I would have been permitted to work. I didn't choose to. I thought it degrading, and a man has to live with himself."

Corey made his choice and drew the expected results. His agent told him it would have been useless to apply for movie jobs. Corey has a wife and three children.

"I appeared before the committee on a Friday," he said. "On Monday, I enrolled as a freshman at UCLA. I attended the university for 4½ years, including graduate work to qualify as a speech therapist."

"How did I support my family? I worked as a manual laborer on a construction project. Then I started coaching dramatic students. I was quite surprised by the results. Today I am conducting 10 classes a week with as many as 20 students in a class, and there is a long waiting list."

He also coaches privately. Some of his students include Academy Award winners and nominees, big names in the movie world.

Corey made no move to get back into films until his agent

Children's Center Gets Check From Whiteman Sergeants

The Whiteman NCO Academy Alumni Association has presented a check for \$42 to the Crippled Children's Center in Sedalia, for purchase of five orthopedic chairs to be used by children undergoing treatment at the Center.

James D. Walker, clinic director, informed M-Sgt. Elwood Owens and M-Sgt. John F. Orr, both of the Alumni Association, that there are 92 handicapped patients in the Center. Of these 92 children, 23 are from military families at Whiteman.

At a future date, the Alumni Association plans to undertake the project of removing a wall partition at the Center to expand the facilities.

Willing to Help Film 'Nutcracker'

MOSCOW (AP)—American conductor Leopold Stokowski is "most willing" to participate in the joint filming of Tchaikovsky's ballet "The Nutcracker" by Soviet, French and British movie makers, the newspaper Soviet Culture reported today.

told him he was up for "The Untouchables." His return went without incident and now he hopes other roles will follow. He shows no bitterness about his experience.

Home Court Game Chops Demons Off Unbeaten List

By DON WEISS

Associated Press Sports Writer

The home court advantage, important in basketball, has chopped DePaul's Blue Demons off the major undefeated list, leaving only Ohio State.

Notre Dame's Irish spilled DePaul's unbeaten string at 12 Tuesday night, 61-58.

John Tully was triggerman for the Irish, hitting two quick field goals as part of an 8-0 burst that shattered a 42-all tie with about 8 minutes remaining.

DePaul, ranked seventh in the new Associated Press poll, thus suffered the road-game pitfall that had struck Bradley, Louisville and Vanderbilt from the unbeaten ranks last week.

Houston To Enter Major League Ball

HOUSTON, Tex. (AP)—The Houston Sports Association bought the American Association franchise here Tuesday night—clearing the biggest obstacle between Houston and major league baseball.

An official of HSA said a big factor in the purchase was an agreement between the Minneapolis-St. Paul entry in the American League and the American Association.

The official, who asked his name not be used, said the estimated \$100,000 indemnity the Houston Buffs get from Minneapolis-St. Paul owner Calvin Griffith's payment to the league helped sway the Buffs into selling its franchise to the HSA.

The HSA holds a National League franchise for Houston in 1962.

The purchase price was not disclosed, but estimates put it near \$400,000.

The HSA made what it called a final offer of \$362,500 last Oct. 21 after almost two years of dickering. W. H. (Bill) Hopkins, president of the Buffs, turned it down and demanded \$600,000. The team lost \$180,000 in 1960 and \$135,000 in 1959.

A week ago the agreement between Griffith and the minor league was announced.

The HSA bought the Buffs' American Association franchise and will operate the Class AAA team in 1961. The group also bought the two players the Buffs own, the physical equipment of the team and the equity in the American Association.

The HSA still must satisfy the American Association, but that isn't regarded as a major problem now because the HSA will have a vote on any indemnity as a league member.

The only other problem facing the HSA now is where the unnamed team will play.

Harris County has set a second bond election for Jan. 31 to seek approval from voters to build the stadium with \$22 million tax-backed bonds.

NBA Follows Baseball Lead In Expansion

SYRACUSE, N. Y. (AP)—The National Basketball Association, following the lead of big league baseball, has expanded to ten teams with the addition of Chicago and Pittsburgh. But NBA President Maurice Podoloff is taking nothing for granted as far as the situation in Pittsburgh is concerned.

"I'm going to Pittsburgh on Monday to finalize all the details," said Podoloff today. "They told us they are in. Now, we want to see how ready they are to go."

The Pittsburgh entry is backed by John Harris, an ice show impresario. Harris is also the head of the Pittsburgh ice hockey club which returns to the American League next season.

"I can't see how Harris will be able to handle all these things," a leading NBA official told The Associated Press. "He has no organization set up yet and he'll have to move fast in so many directions." The official refused to be identified.

Keg Tourney Heads Into Finals Today

SAN BERNARDINO, Calif. (AP)—The 1961 All-Star Bowling Tournament, first to be staged in the West, has turned out to be something like California weather—unusual.

As the 10-day, \$68,150 tenpin event heads into the finals today the defending champions were absent from the head-to-head competition for the first time since the tournament was originated in Chicago in 1941.

Harry Smith of St. Louis, who won the crown last year in Omaha, Neb., failed to qualify for the 16-man men's finals when he completed his 36 games in the preliminary rounds Tuesday night with 7,318 pins.

Sylvia Wene of Philadelphia, the defending women's titlist, was forced to withdraw from the 20th annual tournament after suffering injuries in a fall from a bus last weekend.

Marion Ladewig of Grand Rapids, Mich., women's champion in 1959, won the women's qualifying title Tuesday night when she set a record 4,898 total for 24 games. The previous mark of 4,820 was established last year by Mena Deyman of Chicago.

Bill Bunetta of Chicago won the men's qualifying trophy for the first time with a 7,809 total, second highest in tournament history.

Malta Bend Takes Nelson To Cleaning

The Nelson varsity basketball team failed again Tuesday night to end its season's victoryless string, but the girls' team came through with their ninth straight conference win against Malta Bend.

In the varsity encounter, there was little doubt about the outcome. Malta Bend, which has been undefeated this year and has coped both the LaSalle and Brunswick tournaments, was an easy victory 74-35.

The game, played on the Nelson hardwood, saw Malta Bend jump to a 24-6 lead in the first quarter which proved plenty of cushion.

Four Nelson cagers got into the scoring column while nine Malta Bend men tallied.

Tom Malter of Malta Bend was the evening's high point man with 26. Scoring honors for Nelson were divided between Schied and Inskip with 11 each.

Judy Doty of Nelson scored 31 points in the girls' game, enough to defeat Malta Bend by herself despite the effort of Malta Bend's Judy Guldin who scored 21 points. The final score: Nelson 38, Malta Bend 27.

Both games were LaSalle Conference games.

Nelson travels to Alma Friday night and plays host to Houstonia Tuesday.

Score by quarters: Malta Bend—24 12 17 21—74 Nelson—6 10 8 11—35

Scoring: Malta Bend—Tom Malter 26, Cruttenfield 12, Tolliver 12, Kershen 12, Lane 4, Finley 2, Conner 2, Moulton 2, Everett 2, Nelson—Schied 11, Inskip 11, Cotton 11, Gersler 4.

Women's Golf Play Underway Wednesday

FORT LAUDERDALE, Fla. (AP)—The Helen Lee Doherty Women's Amateur Golf Tournament gets under way today with no one favored to lift the crown.

Marlene Streit has worn two years.

The Toronto golfer and 89 rivals faced an 18-hole medal round which will pare the field down to 32 for match play ending Sunday.

Mrs. Streit tees off at noon with Barbara Williams, a Californian who is among the defending champion's top rivals.

Match play starts Thursday.

Houstonia Bows In Tournament; Girls Take Win

Houstonia bowed 62-59 to Fayette in the New Franklin tournament Tuesday night despite a 51-point effort by the Shamrock's Arch Shireman.

Fayette trailed the Houstonia quintet 13-9 at the end of the first period. The 21 points in the second quarter for both squads retained a four-point advantage for the Shamrocks at intermission.

Paced by Millers' 25-point efforts, Fayette moved to a 48-44 edge at the third period and held on to win by three.

Scoring:

Fayette—Perry, 7; Miller, 25; Greiner, 10; Estes, 16; Szapa, 4. Houstonia—Arch Shireman, 31; Otto Carver, 12; Bob Severe, 3; Rob Gregory.

Houstonia's girls picked up a win in the female bracket of the tournament, romping over Hallsville, 44-28.

Kay Wilson with 21 and Shirley Taylor with 16 counters paced Houstonia with D. Aust netting 14 for the losers.

The Houstonia boys see action again Thursday afternoon at 5 p.m. against Harrisburg, Prairie Home and Houstonia's girls take to the court at 6:20 p.m.

Cardinals Add Three To Player Roster

ST. LOUIS (AP)—The St. Louis Cardinals today added first baseman Bill White, pitcher Bob Miller and outfielder Charley James to their list of satisfied players for 1961. Signees now total 15.

White batted 283 last season and stroked 16 home runs, 10 triples and 27 doubles for a .455 slugging percentage, second only to Ken Boyer among the Redbirds.

Miller, out most of the season with arm trouble traced to calcium deposits, posted a 4-3 won-lost record. James hit .180 in 43 games for the Cards, mostly as a late-season pinch hitter.

Wall Takes Crosby Golf Tournament

PEBBLE BEACH, Calif. (AP)—Art Wall captured the 1959 Crosby Golf Tournament in near perfect weather and the same conditions could exist this week for the \$50,000 event.

"You'll see some low scores if this weather keeps up," Wall said after a practice round over the Monterey Peninsula Country Club course. "The weather makes quite a difference here."

Although he didn't keep formal score, Wall said he was a few strokes under par for 18 holes.

Ken Venturi of San Francisco battled rain and blustering winds on his final 18 holes last year and won the 72-hole tournament with a score of 286. Wall won the year before with 279.

"I wouldn't want to guess what it would take to win this time," Art said. "So much depends on the weather."

After winning the Crosby in 1959, Wall went on to become the golfer-of-the-year. He hopes this one can get him off to another good start.

Art Doering, the veteran from Pittsburgh, paced qualifiers Tuesday who battled for the last 18 places in the field of 150 pros and 150 amateurs who start the tournament Thursday. Doering fired a 3-under-par 69 on the Pebble Beach course.

The pros pair with the amateurs for tournament play with two divisions—the pro-amateur and the pro individuals.

Other qualifiers Tuesday include Tommy Aaron, Gainesville, Ga.; Milon Marusic, St. Louis, and Bill Ezinicki, North Redding, Mass., all 71; Fred Wampler, St. Louis, 72; Tom Talkington, Ypsilanti, Mich., and Houston LeClair, Birmingham, Ala., 73; Phil Wiechman, Grand Rapids, Mich., and Peter Mazur, Montauk, N.Y., 74.

The 18th spot will be decided today in a sudden death playoff between 11 golfers who deadlocked at 75.

Mustangs Win Over Helias Cagers Tuesday

The Eldon Mustangs won their sixth season game Tuesday night by defeating the Helias Crusaders of Jefferson City, 63-45. In the "B" game, Eldon again defeated Helias, 44-15 on the 15-point performance of Bill Nowack.

The Mustangs, taking advantage of the poor shooting from the field on the part of the Crusaders, jumped to a 27-13 half-time lead and consistently added to it until the final buzzer sounded.

It was Dwain Wood who led the Mustangs' scoring column with 18 points, followed by Mike Mulcahy, who contributed 13. High for the Crusaders was Hiesberger with 10 points.

Scoring high for the Crusaders in the "B" game were Kaiser, Groner, and Prenger, all with three points each.

The Mustangs, 6-4 in season play and 5-3 in the Tri-County Conference, play California's Pintos at Eldon Friday in a conference game.

Score by quarters: Eldon—9 18 17 19—63 Helias—4 9 17 15—45

Scoring: Eldon—Ronnie Jesse 7, Jim Donwidie 9, Mike Mulcahy 12, Myron Scott 7, Buddy Simmons 2, Bruce Hlavacek 7, Dwain Wood 18, Helias—Hiesberger 10, Thrash 4, Barry 9, DeLassus 7, Gastari 6, Kaiser 3, Heister 6.

Gresham Thinks Dave Charnley Can Beat Brown

LONDON (AP)—Gene Gresham, the hard hitting lightweight from Detroit, prepared to fly home today convinced that British champion Dave Charnley can take the world title from America's Joe Brown.

"Man, that Charnley can really punch," Gresham said in his dressing room Tuesday night after losing decisively on points to the chunky Briton over 10 bruising rounds.

"I think he would take Brown with that southpaw style and those great right hooks."

It was Charnley's solid body punching and chopping rights to the head that crushed Gresham.

Charnley, who holds the triple crowns of British, British Empire and European champion, began to take charge in the fourth round and stayed dominant through to the 10th when a flashing body-to-jaw combination sent Gresham stumbling to the canvas for a count of five.

Moore Can Save Light Heavy Title

NEW YORK (AP) — Archie Moore can save his light heavy-weight title in New York by boxing Erich Schoepner of Germany March 21 in Madison Square Garden.

The 175-pound king, stripped of his title by the National Boxing Association, was reported Tuesday night to have agreed to defend against the German challenger, Melvin Krulwich, chairman of the New York State Athletic Commission, said at the New York Boxing Writers dinner that Archie was ready to fight Schoepner.

Dave Ott of Cleveland, president of the National Boxing Association, said it would recognize the winner of a Harold Johnson-Jesse Bowdry bout in Miami Beach, Fla., Feb. 7 as the champion. "We have a tentative agreement, not yet fully confirmed, for Moore to box Schoepner in the Garden March 20 or 21," said Krulwich. "Moore would receive 50 per cent of the gate and 67 1/2 per cent of the ancillary rights. The movie rights in Germany would go to Schoepner, 90 per cent to 10 per cent for Moore. Schoepner would receive 20 per cent of the gate and 15 per cent of the ancillary rights."

Krulwich said the agreement was reached Tuesday afternoon when he locked the managers and lawyers of both fighters in his office. However, the matter of getting the Garden for the dates had not been cleared.

Ott said both Johnson and Bowdry had posted \$5,000 forfeits guaranteeing that the winner of their Miami Beach bout would meet an opponent designated as the No. 1 contender within 90 days of their Feb. 7 match.

Floyd Patterson, first man to regain the world heavyweight title, accepted the Edward J. Neil plaque as Fighter of the Year for 1960 and said he would try hard to live up to it by defending successfully against ex-champ Ingemar Johansson March 13 at Miami Beach, Fla.

Johansson, Neil winner in 1959, said he expected to win back the title in the rubber match. "I am going to be in good shape," he said. "I know Floyd will be in good shape, too. Let's see which one is best the third time."

Ned Brown, veteran boxing

Blaylock to Move To Emporia State

MANHATTAN, Kan. (AP) — Ron Blaylock, Kansas State quarterback, says he will transfer to Emporia State next semester.

His home is in Emporia and he said he hopes to get his bachelors degree in summer school. Blaylock was the only letterman quarterback available for next season at K-State. He was the team's top scorer at 24 points last season and ranked second to John Solmos, a senior, in passing.

Henke Leads Scorers In Big Eight

KANSAS CITY (AP) — Charles Henke of Missouri continues as the leading scorer in Big Eight Conference basketball although Wayne Hightower of Kansas closed in on him the last two games.

Henke, a 6-7 senior, has averaged 23.8 points on 113 field goals and 83 free throws in 13 games. He got 22 points in Missouri's 82-73 victory over Oklahoma State Saturday. Hightower hit 31 points in Kansas' 90-59 victory over Iowa State Saturday and made 26 in the Jayhawks' 54-49 loss to Oklahoma State Monday night. The two-game total of 57 points brought his 14-game total to 287 points, a 20.5 average.

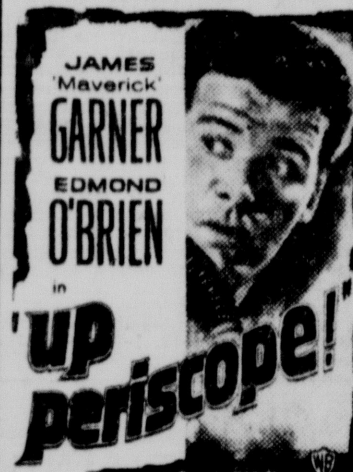

The 7-9 Hightower has the best average in Big Eight games only—22.7 on 91 points in four games.

Knobs Panthers In Victory Over Leeton Bulldogs

Joe Sebastian scored 16 points for the Knob Noster Panthers Tuesday night and Garry Galloway connected for 11 to lead the Panthers to a 67-45 victory over the Leeton Bulldogs. It was a non-conference contest played at Leeton.

In the "B" game, Knob Noster again ran away with the show, defeating the junior "Dogs" 49-26. Cody Rhinehart scored 11 points to lead Knob Noster, and Paxton scored 14 for Leeton, good for game scoring honors.

Knob Noster opened the varsity game with a six point edge over the "Dogs, saw it dwindle to three at the half, then took off full blast to outscore the host team for the rest of the game.

Standing 13 to 3 for the season, the Panthers meet Higginsville at Higginsville next Tuesday.

Score by quarters:
Knob Noster 15 15 14 23—67
Leeton 9 10 10 18—45
Scoring: Knob Noster—Garry Galloway 11, Simon Bowland 10, Charlie Zink 8, Mike Fuller 8, Joe Sebastian 16, Melvin Picken 8, Richard Vols 6, Terry Henderson 2, Leeton—Spears 7, Prince 15, Crooks 6, Cully 4, Schmidt 11, Ditt 2.

Concordia Tops Alma Cage Team Tuesday Night

St. Paul's of Concordia topped Alma Tuesday night, 66-60, in a basketball game on St. Paul's hardwood.

St. Paul's held a slim lead through halftime when the score-board read 39-35 in their favor, but a real slump in the third quarter nearly cost the victory when Alma scored 17 points to St. Paul's 6.

St. Paul's, however, came through strong in the final period and outscored Alma 21-8 for the win.

The evening's high point man was Alma's Bock with 19, while Karsten led St. Paul's with 17.

In the evening's "B" game, Alma was the victor, 48-44. Reinke of St. Paul's and Dierking of Alma shared scoring honors with 11 each.

The loss brought St. Paul's season record to 5 to 4. St. Paul's travels to Lone Jack Friday night.

Camdenton Cage Team Wins Over Californians

Camdenton defeated California Tuesday night, 71-60, with a well-balanced attack by Camdenton overcoming the home-floor advantage of California.

Most of the Camdenton lead was picked up in the first period when Camdenton tallied 20 times to California's 11.

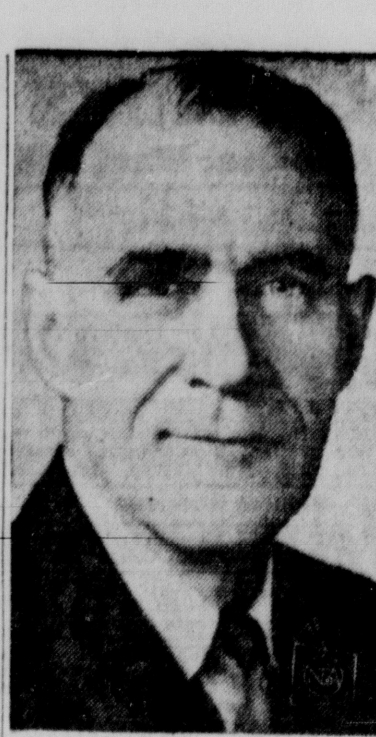

Phillips led the Camdenton offense with 17 points, well-supported by Green and Laughlin with 16 apiece and Kramer with 12.

California's Strickfaden was the game's leading scorer with 21.

For California the loss brings the season record to an even 7-7. California goes against Eldon Friday night. Eldon Tuesday night defeated the Helias Crusaders of Jefferson City, 63-45.

In the California - Camdenton "B" game, California was the victor 53-49. Cook led the California scoring and was also high point man for the game with 12. Bell and Rimel split Camdenton scoring honors with nine each.

Score by quarters:
Camdenton 20 14 16 21—71
California 11 13 16 20—60
Scoring: Camdenton—Phillips 17, Laughlin 16, Green 16, Kramer 12, Hunter 7, Framar 3, California—Strickfaden 21, Flippen 12, Zimmerman 11, Hall 8, Fletcher 6, Latham 2.

Amateur Golfers Move Into Second Round

BELLEAIR, Fla. (AP) — More than 180 amateur golfers, all 55 or older, moved into the second round of match play today in the 27th annual American Seniors Golf Tournament.

Egon Quittner of Rydale, Pa., lost 1-up to C.D. McAllister of Orlando Tuesday in the first round of the championship flight.

The tournament, being played on the par-71 Bellevue Biltmore course near Clearwater, will continue through Saturday.

Comedist Jack Russell of Clearwater, beat William H. Diddel of Naples 1-up when a 45-foot wedge shot dropped into the cup on the 18th green.

Dick Owen, comedian from Dunedin, defeated Robert Bell of Worthington, Ohio, 5 and 4.

Businessmen Report 93 Castro Men Dead

HAVANA (AP) — Businessmen arriving from south central Cuba said Tuesday night 93 Castro militiamen have been killed in a major government offensive to wipe out insurgent bands.

The unconfirmed report said most of the casualties were in the vicinity of Trinidad, Las Villas Province town at the foothills of the rugged Escambray Mountains.

Nikita Wants Stiff Laws for Bootleggers

MOSCOW (AP) — Premier Khrushchev has called for more stringent laws against Soviet bootleggers — especially those who steal state crops to make moonshine — and their customers.

The Communist party organ Pravda said the premier interrupted two Ukrainian speakers during the Soviet Central Agricultural Session to denounce participants in the moonshine trade.

Man Convicted Of Manslaughter After Accident

JOPLIN, Mo. (AP) — Kenneth Eugene McDonald, 28, Webb City plasterer, was convicted Tuesday of manslaughter in connection with a highway accident and his punishment was set at three years in prison.

A circuit court jury reached its verdict after 4½ hours of deliberation.

Three persons were killed Feb. 15, 1960, in a head-on collision between McDonald's car and one driven by Roy Maggard, Reeds, Mo., on U.S. 66 in Jasper County. Three others were injured.

Those killed were Charles Junior Shields, 20, and Clarence Ritchie, 43, both of Reeds, riding with Maggard; and James Harold Wright, 32, Pittsburg, Kan., in McDonald's car.

Wilbur Stark of Carthage, a passenger of McDonald's, testified the car was going 120 miles an hour shortly before the crash. He said McDonald was trying to prove the car would do 130.

McDonald, father of five was released under \$2,000 bond after he was given 30 days to request a new trial.

Princess and Spouse Honeymoon in Spain

MADRID, Spain (AP)—Princess Astrid of Norway and her commoner bridegroom Johan Martin Ferner arrived by plane from

Paris Tuesday for honeymooning in southern Spain.
